Any other requests / necessary details for submission:

1. Sir I am a diabetic patient. I take insulin every day. I am under the supervision of Dr Benudhar Nath, Diabetologist of Tezpur. I have to visit Tezpur to the said doctor in every 15 days. Visiting the doctor From Dhubri in every 15 days in this health condition is very much difficult for me. Therefore If I am transferred to Tezpur CPF, under Guwahati Division it will be very helpful for me as it will enable me to take care of my health.
2. It is also worth mentioning that at Tezpur my son lives alone as I am staying in Dhubri with my wife who is here only for looking after my health. My son is 22 years old and in a very crucial stage of his life. He needs the guidance of his parents at this stage.

To

The Honourable Commissioner,  
Commissionerate of Customs (Preventive)  
North East Region, Shillong

(Through Proper Channel)

Office of the  
Assistant Commissioner  
Customs Division, Dhubri

26 DEC 2024

DHUBRI  
RECEIVED

Subject:-Prayer for transfer from Customs Division, Dhubri to Tezpur CPF under Guwahati Customs Division-reg.

Sir,

With due respect and humble submission, I beg to lay before your honour the following few lines for kind perusal and sympathetic consideration:-

That Sir, I have been promoted in the grade of Superintendent (in Situ) vide office order dated Guwahati the 21<sup>st</sup> December 2024 issued by the Joint Commissioner, CCO-CCA, Guwahati Zone, communicated under C.No. GCCO/II/(34)/ 2/2024- ADMN-O/o CC-CGST-ZONE-GUWAHATI/ADM/1196-1550 and currently posted at Tax Arrear Recovery, Customs Division Dhubri after being transferred from DPF, Customs Division Dhubri in the month of July 2024.

Dhubri is around 450 km away from my home town Tezpur and there is no train connectivity between the two towns. At present, my age is around 51 year and I am suffering from diabetes from last eight years. I have to take insulin twice a day for my diabetic condition. The specialist doctor who knows my illness history properly is also available in Tezpur only.

That Sir, my family consisting of 4 (four) members, viz myself, my wife, my son and my daughter. My daughter is pursuing her graduation from a college in Guwahati. Whereas, as my wife is staying with me at Dhubri due to my vulnerable health condition, hence, my only son has to stay at Tezpur in a lonely condition. I have to look after my son and daughter at Tezpur and Guwahati respectively; it put extra pressure on my health condition and thus fail to serve the Department properly.

Therefore, if I am considered for posting at Tezpur, I will be able to render my best services to the Department as well as to look after my daughter's study and also to take care of my only son. Posting at Tezpur will also enable me to take care of my ill health condition in a proper and better way.

In the light of the above exasperating circumstances, I fervently request your benign self to kindly consider my representation and transfer me to Tezpur CPF under Guwahati Customs Division, where there is also vacancy of Superintendent available. My option in Transfer proforma is also enclosed for your kind perusal. For this act of kindness, I shall remain ever grateful.

Thanking you.

Yours faithfully,

  
26/12/24

(TAKBUR HUSSAIN)

Superintendent (in Situ)  
Dhubri Customs Division

**REPORT**

Service Name : Usg NT Scan  
Patient Name : Rupam Kumari  
Age/Sex : 30.2 Years/Female  
Guardian Name : W/o Alok Ranjan

Report Date : 20/12/2024  
UHID : 24255658  
Contact No : 7488219055  
Refer By : Mgm Hospital

No. of fetus - Single  
Lie - Variable  
Presentation - Variable  
Movement - Seen  
F.H.R - 163 Beats/mt.  
Placenta - Lower anterior partially covering internal OS  
Liquor - Adequate in amount

**Estimated Date:**

	In ( cm.)	Weeks	Day
(CRL)	4.48 cm.	11 wk	2 day

Estimated Age - 11 weeks 2 day  
E.D.D. - 09.07.2025 +/- 2 week

**Impression:**

- A single live fetus of 11 weeks 2 day size.
- Placenta Lower Anterior partially covering internal OS with liquor adequate in amount.
- Nuchal Translucency - 0.07 cm.
- Nasal bone present.

*Note:- In spite of detailed study, anomalies may be missed on any particular ultrasound due to fetal lie and attitude. I have neither detected nor disclosed the sex of the fetus of the pregnant women to anybody.*

### Test Report

Test Name	Results	Units	Bio. Ref. Interval
HCG, BETA, TOTAL, PREGNANCY, SERUM (CLIA)	17539.76	mIU/mL	<5.00

Result Rechecked,  
Please Correlate Clinically.

### Interpretation

PREGNANCY WEEKS POST LMP	HCG LEVELS IN mIU/ml
4	5-100
5	200-3000
6	10,000-80,000
7-14	90,000-500,000
15-26	5000-80,000
27-40	3000-15,000
Non Pregnant	< 5
Trophoblastic disease	>100,000

### Note

- Consistently elevated HCG levels may be due to the presence of heterophilic antibodies, non specific protein binding & HCG like substance.
- False negative / positive results may be seen in patients receiving mouse monoclonal antibodies for diagnosis or therapy

### Comments

Beta HCG levels rise geometrically in the serum in the first 8 weeks of pregnancy. Detectable amounts of beta HCG are present 8-11 days after conception. During the second to fifth week, HCG levels double in about 1.5 days. After 5 weeks of gestation, the doubling time gradually increases to 2-3 days. Serial determination of HCG is helpful when abnormal pregnancy is suspected. In ectopic pregnancy and spontaneous abortion HCG concentration increases slowly or decreases. Ultrasonography should detect a gestational sac in the uterus of all patients having HCG concentration > 6500 mIU/mL. Failure to detect a gestational sac 24 days or more after conception is presumptive evidence of ectopic pregnancy. The presence of twins approximately doubles the HCG concentration.

### Clinical Use

Name :- RUPAM KUMARI.F.

Age :- 29 Years.

Ref. By :- DR KALYANI SINGH.MBBS.MS

USG :- LOWER

Date :- 30/11/2024.

**URINARY BLADDER :-**

Normal capacity, Wall thickness is normal. Lumen echo-free with no sign of echodense in it. No sign of adhesion was seen .

**UTERUS :-**

Enlarged in size and shape .

NO OF FOETUS :- Single

C.R.L. :- 11 mm , Correspond to 07 weeks 00 days .

F . H . R . :- 139 Beats/mints. (at present).

PRESENTATION:- Variable (at present).

LIQUOR :- Adequate.

MOVEMENT :- Present

PLACENTA :- Upper posterior.

AVERAGE USG AGE :- 07 weeks 00 days .

AVERAGE USG EDD :- 18/07 /2025. +/- 01 week .

**IMPERESION :-**

\*Single live intrauterine foetus seen in uterine cavity of

USG age 07 weeks 00 days App.

**If retention is desired, reasons thereof.**

*(Enclose supporting documents as applicable)*

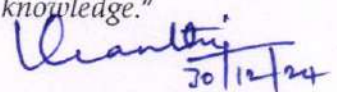

- 1.
- 2.
- 3.

**Any other requests / necessary details for submission:**

1. I kindly request consideration for a posting in Guwahati on personal grounds. I recently got married, and my wife, being new to the North East, is facing significant challenges adapting to the environment, particularly due to the language barrier as she does not speak Hindi. This has made day-to-day activities and interactions difficult for her, impacting her ability to settle comfortably. Guwahati, with its more inclusive and cosmopolitan environment, offers better support systems and resources that would greatly help her adjust while also enabling me to maintain a balanced work-life dynamic.
2. Request a transfer/posting to a city with good connectivity to my home town in Telangana. This request is made in light of my personal circumstances.

**DECLARATION**

*"I do hereby certify that the above particulars are correct and true to the best of my knowledge."*

  
(Signature of the Officer)
